

These barricades are manufactured from 16 gauge steel providing a high strength barricade for heavy duty applications. Available with Hot Dip Galvanizing maximum weather resistance, Pre-Galvanizing for outdoor use and indoor storage and a variety of Powder Coat colors. CrowdMaster features 21 uprights which are fully inserted into the frame before welding providing extraordinary strength. Feet options include Flat for minimum trip hazard, Bridge for uneven surfaces such as grass and Heavy Duty for maximum strength. The barricades interlock using the industry standard hook and loop system fastening system so you can create a crowd barrier of any length.
